RFQ CHECKLIST

Small Appliance Project Brief for Air Fryers, High-Speed Hair Dryers and Custom Development

How to use this checklist Complete the applicable items and send this PDF with drawings, reference products, specifications or packaging requirements. More complete information helps EVO prepare a relevant product recommendation and quotation.

1. Company and Contact Information

Company name

Contact person

Work email

Phone / WhatsApp / WeChat

Country / market

Company website

2. Project Overview

[ ] Air fryer

[ ] High-speed hair dryer

[ ] Other small appliance

[ ] Custom product development

Project / model name

Target launch date

3. Development Path

[ ] Existing platform customization

[ ] Semi-custom development

[ ] Exclusive product development

[ ] Need EVO recommendation

4. Commercial Requirements

Estimated order quantity
Units per order

Annual forecast
Estimated annual units

Target price range
Include currency and Incoterm

Preferred Incoterm
EXW / FOB / CIF / other

Destination port / city

Sample quantity required

5. Target Market and Compliance

[ ] European Union

[ ] United Kingdom

[ ] United States / Canada

[ ] Middle East

[ ] Southeast Asia

[ ] Australia / New Zealand

[ ] Other market

[ ] Compliance guidance required

Required certifications / standards

Plug type and rated voltage / frequency

6. Product and Customization Requirements

[ ] Color and surface finish

[ ] Logo and brand identity

[ ] Control panel / UI

[ ] Programs / functional logic

[ ] Heating / airflow performance

[ ] Materials and accessories

[ ] Packaging and manuals

[ ] Connectivity / smart features

Reference model or competitor product

Key performance target

7. Product-Specific Information

Air fryer capacity / cooking format
Single basket, dual zone, glass, steam, oven or other

Hair dryer airflow / motor / heat settings
Include target power and speed where known

Dimensions or space limitation

Special safety or usability requirement

8. Files to Attach

[ ] Product specification

[ ] Reference photos / product links

[ ] Industrial design / CAD drawings

[ ] Logo and brand guide

[ ] Packaging artwork

[ ] Compliance requirements

[ ] Forecast or launch plan

[ ] Other supporting documents

9. Additional Notes

Project priorities
Performance, price, differentiation, timeline or other priorities

Additional requirements
